

# KATALIN GULYÁS

Full-Stack .NET Developer - C# · Blazor · Entity Framework Core

Barcelona, Spain

+36 20 269 6009 | gulyaskata99@gmail.com | linkedin.com/in/katalin-gulyas | github.com/lizzie992 | EN / ES / HU / DE

## PROFESSIONAL SUMMARY

Full-Stack .NET Developer with hands-on experience building and operating production-ready web applications. Currently focused on a team-based educational video streaming platform, having previously designed and shipped an independent full-stack ride-sharing platform. Brings 10 years of experience in international, multicultural corporate environments - coordinating cross-functional teams, leading stakeholder and client communication, and managing complex projects across departments - bringing a level of business maturity and ownership.

## KEY COMPETENCIES

- ▶ Backend: C#, .NET 9, ASP.NET Core, Entity Framework Core
- ▶ Frontend: Blazor, HTML, CSS
- ▶ Database: MySQL
- ▶ DevOps & Tools: Docker, Linux, Git, REST APIs
- ▶ Role-Based Access Control (RBAC)
- ▶ Event-Driven Architecture & API Integration
- ▶ Object-Oriented Programming & Code Debugging
- ▶ Currently Learning: JavaScript, TypeScript, React

## PROFESSIONAL EXPERIENCE

**AeonBytes - Full-Stack .NET Developer** Dec 2025 - Present  
*Remote*

Contributing to the development of a video streaming platform for educational and professional training.  
Designing and developing the application's data structures.  
Implementing core system logic and foundational backend methods.  
Designing and implementing role-based access control (RBAC) and user roles.  
Supporting evaluation and integration of a Video Content Delivery Network (CDN).  
Collaborating within a development team using Blazor and .NET.

**Baxi.taxi - Full-Stack .NET Developer** Sep 2024 - Dec 2025  
*Munich, Germany*

Designed, developed, and deployed a full-stack ride-sharing platform using C# (.NET) and Blazor.  
Managed deployment on a Linux server using Docker containers.  
Built a routing algorithm to match users and optimise shared routes.  
Implemented real-time chat functionality using event-driven architecture.  
Integrated external services including Google Maps API and geolocation.  
Designed and maintained MySQL database with Entity Framework Core.  
Implemented authentication, role-based access, and security features.  
Developed automated notifications and multi-language support.

**Givaudan Deutschland - Shipping Coordinator / Production Planning Support** Apr 2022 - Dec 2025  
*Baierbrunn (Munich), Germany*

Managed international logistics operations across EU and global shipments.  
Contributed to automation and process optimisation initiatives.  
Worked with SAP systems in transport and production planning.  
Analysed workflows to improve efficiency and reduce delays.

**Givaudan Business Solutions - Road Hub Transportation Execution Coordinator** May 2021 - Apr 2022  
*Budapest, Hungary*

Coordinated high-volume international transport operations (100+ shipments/week).  
Delivered KPI reporting and performance analysis.  
Integrated 2 production sites with carrier companies to streamline transport execution.

**Waberer's International Nyrt. - Key Account Operator** Apr 2016 - May 2021  
*Budapest, Hungary*

Managed strategic customer relationships and daily transport operations for key accounts, driving performance improvements and operational efficiency.  
Advanced key account relationships through proactive communication and efficient problem resolution, elevating performance to Category A status through measurable KPI improvements.

## EDUCATION & CERTIFICATIONS

**Software Engineering Training - Rakete Mentoring, Munich** 2026

Completed intensive one-to-one software engineering training with emphasis on practical, industry-ready skills, including development of production-level applications - culminating in 'Baxi', showcasing proficiency in full-stack development, system architecture, and real-world problem-solving.

**B.A. Communication & Media, International Communication - Károli Gáspár University, Budapest** 2015

## LANGUAGES

English - Fluent    Spanish - A2, actively studying    Hungarian - Native    German - Intermediate (B1-B2)
